Manage Inbound Gate Pass

What is Gate Pass?

Inbound Gatepass is an electronic or a paper document proof containing the detail of items, transporter name, vehicle number, number of parcels etc. while inbounding these items into the warehouse. We also capture the type of Inbound in gate pass e.g. return, ASN, PO, STO

Navigation- WMS >> Inbound >> Manage Inbound Gate Pass

When we click on ADD NEW, Below mention window will get open:

Inbound > Inbound Gatepass
